

## ARKANSAS SUPERINTENDENT EVALUATION SYSTEM

### Board President's Form for Charting Individual Member Responses

#### Instructions

This summary chart is to be used by the board president to compile individual board member responses once they have individually completed the *Performance Ratings on Goals and Standards-Form B*. Once this compilation of individual scores has been charted, the board president will make it available to each of the board members who will then meet in executive session to discuss their individual input and prepare composite results. Once board members have met and agreed on the ratings and comments, the board president shall be responsible for preparing the summative and final version of the *Annual Summative Evaluation-Form D* to be presented to the superintendent. It is important that board members reach consensus and speak with one voice for the final evaluation of the superintendent.
